Class Descriptions

Ballet: The foundation of all dance forms. The focus of ballet includes body placement, flexibility, balance, alignment, strength and technique. Both barre and center floor work are included.

Lyrical: Also known as contemporary ballet. Lyrical is a combination of ballet, jazz, and modern dance movement and usually possesses an emotional story.

Jazz: High energy movement combining isolations, flexibility, leaps, turns and sharp combinations across the floor.

Hip-Hop: A blend of high energy “street” movement and jazz typically performed to upbeat hip-hop music.

Tap: A form of dance where the students use the sound of their tap shoes as a percussive instrument. Dancers will gain a range of skills including musicality, rhythm and balance.

Musical Theatre Jazz: A form of theatrical dancing that combines the songs of Broadway musicals with the movement of classic jazz styles. This high-energy class will prepare any dancer for the bright lights of Broadway!

Acro: Gain upper body strength, core strength, and overall flexibility. Students will learn tumbling skills such as cartwheels, front & back walk-overs, aerials & back handsprings.

Jumps & Turns: Learn the techniques used to perfect the turns, leaps, and jumps seen in Jazz, Ballet, Lyrical and Poms. This class will build balance, coordination, flexibility, and muscle memory.
